PRODUCTS / MANUFACTURING / PARTNERSHIPS

Everyday power and personal audio.

Product and manufacturing catalogue

POWER BANKS / CHARGERS / AUDIO / CABLES

Accessories for everyday life

A practical range for local distributors, retail partners and the people they serve.

ABS brings together everyday charging and personal audio products for commuting, travel, work and leisure. The collection includes power banks, wall chargers, Bluetooth earphones and charging cables.

Specifications are drawn from the 2026 ABS introduction. Product images show earlier designs and markings; confirm final branding, packaging and availability for each market.

A manufacturing campus built for scale

The industrial park featured in the ABS company presentation.

~70,000 m²
SITE AREA

150,000+ m²
BUILDING AREA

UP TO 3,000
PEOPLE LIVING AND WORKING ON CAMPUS

The self-built industrial park brings together manufacturing and facilities for work and daily life. The site was designed to accommodate up to 3,000 people.

Site figures are historical figures from the 2026 presentation; confirm current details before external release.

Inspection and real-device testing

A closer look at the production and quality processes described in the company introduction.

Product inspection

Product inspection is part of the manufacturing quality process.

Ageing tests

Ageing tests are used in the product quality process.

Mobile-device testing

Mobile devices are used for real-device product testing.

Images and process descriptions are drawn from the 2026 company introduction. Confirm current procedures and product-specific test records for each order.

Production experience. Local perspective.

Manufacturing capability and practical cooperation support the products in this catalogue.

200+

cumulative patents

Reported in the 2026 company introduction.

500M+

cumulative units shipped

Reported in the 2026 company introduction.

A broad product range

Power banks, wall chargers, Bluetooth earphones and charging cables cover a variety of everyday needs.

Local market insight

ABS values local consumer preferences, product needs and feedback from distribution partners.

Long-term partnerships

The brand aims to grow through local distributors and physical retail channels in its target markets.

Historical figures are company-profile claims; confirm their current status, scope and supporting records before publication.

Designed for a consistent retail presence

The new ABS identity brings the product range together across retail packaging and in-store presentation.

DEEP TEAL CONCEPT

LIGHT CONCEPT

Bold product photography, clear information and the ABS mint-and-teal palette create a recognizable product family at the shelf.

Packaging artwork and specifications shown are illustrative design concepts, not confirmed product specifications. Final packaging and local labelling require confirmation.

Power banks

Portable charging for everyday routines.

PL01

Integrated cable power bank

Capacity
10,000 mAh

Power
22.5 W

Connection
Built-in USB-C and Lightning cables; USB-C and USB-A ports

Colours
Black / white

Battery
LiFePO4

PL02

Integrated cable power bank

Capacity
20,000 mAh

Power
22.5 W

Connection
Built-in USB-C and Lightning cables; USB-C and USB-A ports

Colours
Black / white

Battery
LiFePO4

Specifications, colour and availability may vary by model and market; confirm with your ABS representative.

Power banks

Portable charging for everyday routines.

MODEL

3C-A13

Mini integrated cable power bank

Capacity
12,000 mAh

Power
65 W output; 60 W input

Connection
Built-in USB-C cable; USB-C and USB-A ports

Colours
White / pink

Specifications, colour and availability may vary by model and market; confirm with your ABS representative.

Power banks

Portable charging for everyday routines.

MODEL

3C-A8

Magnetic wireless power bank

Capacity
10,000 mAh

Power
22.5 W

Connection
Built-in USB-C cable

Colours
Black / white

Feature
Adjustable stand

Specifications, colour and availability may vary by model and market; confirm with your ABS representative.

Power banks

Portable charging for everyday routines.

MODEL

V75H

Mini integrated cable power bank

Capacity
10,000 mAh

Power
22.5 W

Connection
Built-in USB-C and Lightning cables; USB-C and USB-A ports

Colours
Off-white

Feature
Digital battery indicator

Specifications, colour and availability may vary by model and market; confirm with your ABS representative.

Power banks

Portable charging for everyday routines.

D9

Integrated cable power bank

Capacity
10,000 mAh

Power
22.5 W

Connection
Built-in USB-C and Lightning cables; USB-C port

Colours
Silver / blue

N9

Integrated cable power bank

Capacity
20,000 mAh

Power
22.5 W

Connection
Built-in USB-C and Lightning cables; USB-C and USB-A ports

Colours
Silver / blue

Specifications, colour and availability may vary by model and market; confirm with your ABS representative.

Wall chargers

Compact charging options for home, work and travel.

MODEL

UF240

GaN wall charger

Power
65 W

Colours
Silver

Included cable
1.2 m

Specifications, colour and availability may vary by model and market; confirm with your ABS representative.
